FAILURE.

A DIFFERENT PERSPECTIVE OF

SUCCESS

“ Almost everyone sees failure as a setback. For business owners, it's loss of profits and for others, it could be a motivation killer. What no one really knows is this: Failure is the foundation of success. Soichiro Honda, the Japanese car maker said this, “Success is 99% failure.” He got it right because without failure, you'll never know if you're doing something right or innovative even.

I've always seen failure as a process to success . Because unless we change the way we see things, our lives will never change. When I see failure as a process I'll use it to my advantage to better myself. And that's how I got to where I am today. I'll have to thank all my failures for my successes. So to make it clearer to you, I'd like to share some tips for you to look at failure differently. ”

DESMOND HOOI

DEPUTY CEO OF
RETURN LEGACY

1 Every Mistake Is A Teacher.

Mistakes can be ugly sometimes, and sometimes you are not prepared to be wrong. But when you see past that and consciously make it your teacher, you'll see that mistakes are just lessons to be learned. They are just a feedback tool to tell you that you're veering off your path. Nothing more. Hence, do not see failure as a dead end.

2 Make Constant Adjustments

We can be very stubborn sometimes when it comes to our goals. And we always see it our way. But the road to success is laden with endless possibilities. Whenever you see a possibility of achieving your goals in a different way or in a more effective way, adjust your course of action. It's like adjusting the sail of a boat to reach your destination. Follow where the wind blows, don't go against the wind.

3 Self-Improvement Is Key

It has to start with being ok with noticing areas in your life or career that you can improve on. Pay attention to what's lacking and how you can improve on it. Because we are never 100% perfect, a little improvement a day can go a long way. Be constant with striving to be better version of yourself than yesterday.

4 Just Keep Going. Never Stop On Your Way To Success

So near yet so far. We've heard of this saying a lot but to a truly successful person, the journey is not about how near or how far. It's about keeping constant on the pathway to success and never looking back. We get caught with a lot of daily battles, emotional distress, etc and it's important to never let those aspects derail you from your pathway to ultimate success.

5 Believe In Your Success Every Day

If you don't believe in your success, no one else will. Whether it's giving yourself positive self-talk every day, reading inspiring books or just talking to people you look up to, these methods help keep your success belief in check. When you can tell yourself you can do it with conviction every day, you've already conquered your day and you're one step closer to your success.

There are no hard and fast rules to getting over failure or achieving success. Take some time today and contemplate over this message:

Failure could mean delay not defeat. Failure should be our teacher not a mistake. Failure could be a detour, not a dead end. So embrace failure faster so you can begin to experience the sweet taste of success in no time.

MY TEAM'S SUCCESS IS MY SUCCESS!

ROYAL AMBASSADOR
TING NO HEE

“ My lifelong dream is to establish a business that is my own. It is my hope that with my own efforts that I can learn and understand what it means to be a strong, independent, self-sufficient woman. Sadly, my dreams have not resonated with my family, who did not support my goals. ”

My first attempt at being an entrepreneur was when I decided to operate a hairdressing business, as there was a lack of such a business in Sibul at the time, and it was certainly a promising opportunity with a lot of potential.

But my father, who is a very old fashioned and traditional person, felt that hair-dressing was not a proper and respectable career, especially for a virtuous woman to have. Even when a fellow proprietress offered to sponsor my trip to Singapore to study the tricks of the trade, my father vehemently disapproved of it.

Afterwards, I wanted to start a bridal styling and make-up business, for the very same reasons that spurred my interest in hair-dressing – there was no such business in Sibul, and hence this business would be fulfilling a huge market gap.

ROYAL AMBASSADOR
TING NO HEE

Royal Ambassador

The plan was to head to West Malaysia to learn about bridal make-up, and to return later with the right skills to start-up the business. However, the course fees were extremely expensive, and my father was also disapproving of the industry, believing it to have no future or worth. Later on, my mother sent me to a 3-month church programme called 'The Gospel Of Life', and my entrepreneurial dreams were once again put on hold.

But my passion was reignited once I saw the career prospects of Return Legacy that Xiao Fen shared on Facebook, where she mentioned about the possibility of earning 5, 6 figures income every month. Of course, my initial thoughts were "how is this possible?!", but I would be lying if I said I wasn't intrigued. I took the initiative to reach out to Xiao Fen, who was unfortunately not available, but Siew Yieng agreed to meet me instead.

SET PERSONAL GOALS, BOLDLY PURSUING MY DREAMS, AND ACTIVELY IMPROVED ON MY SHORTCOMINGS.

Using one small little vial of Redoxy, Siew Yieng managed to win over my heart. I used to spend more than RM1000 a month on skincare, but after witnessing the miraculous results of Redoxy, I was instantly smitten and impressed at how this tiny bit of product could be so much more effective than the range of expensive skincare products I owned! I soon realized that a wonderful opportunity had emerged in front of me, and this time I have decided to hang onto it as firmly as I can.

Since then, my life began to change. In my first month at Return Legacy, I had managed to earn a 5-figure salary! This was my first-ever 'pot of gold' and it certainly exceeded everyone's expectations, including my own. I started to set personal goals, boldly pursuing my dreams, and actively improved on my shortcomings. I managed to attain all the goals and the directions I have set, but after achieving those goals, I gradually drifted away and slowly begin to lose my determination and way.

I WANT MY FELLOW PARTNERS TO ENJOY SUCCESS AND GROWTH AS A TEAM

I recalled something my father taught me, known as the 'Law of The Vision' – which is what you see will eventually influence and affect how you think, and thus your actions. At the time, I thought, listened, and saw a lot. At most times, what you hear and see are not any cause of concern, but when you are exposed to constant negativity, it carries a detrimental impact. When an individual's way of thinking and views are influenced, it will affect their behaviours and attitudes. At the time, my behaviour was to progressively alienate myself from the rest of the team, which unconsciously caused me to lose my direction and stray away from the path of achieving my goals. I was at a loss – I did not know what to do at all.

I care very deeply for my team and its members. If any of my members are faced with an issue, regardless of whether they are in the right or wrong of things, I will be filled with great sadness and concern for them. It was here that I finally started to understand my father's Law of The Vision.

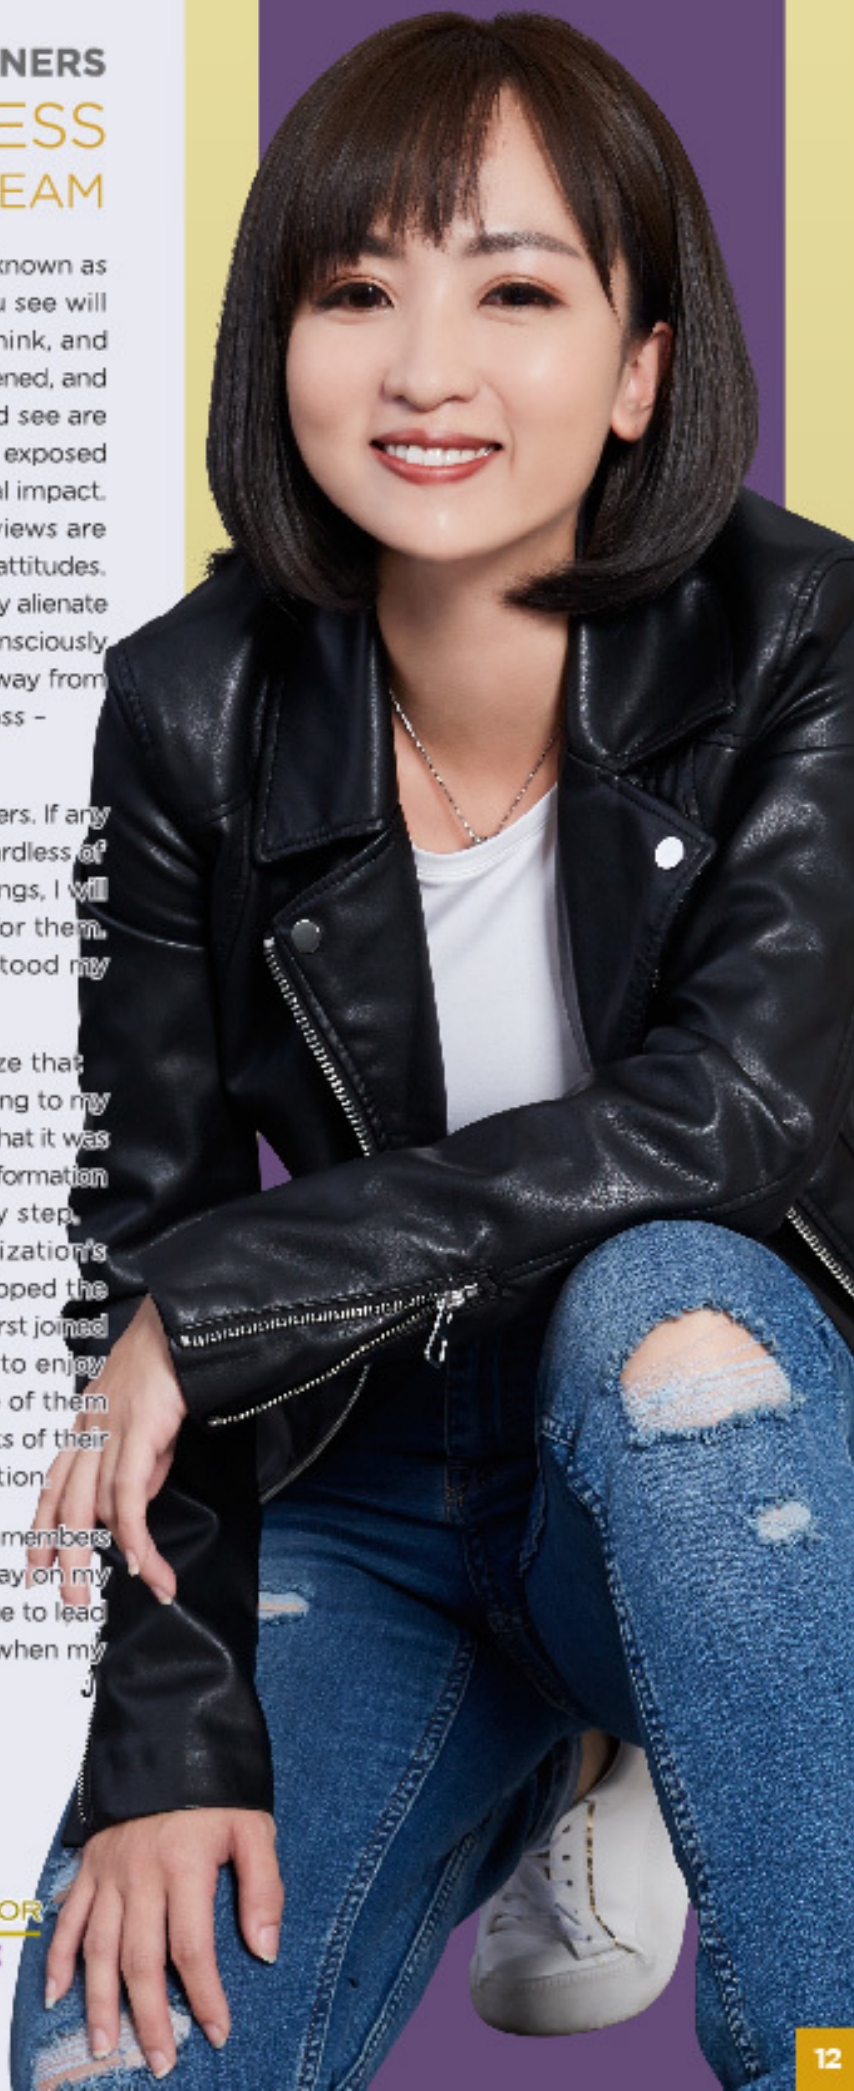

When I listened too much, I begin to realize that perhaps not everything was actually according to my own personal thoughts and beliefs. I decided that it was time for a change, and I underwent a 180° transformation and allowed myself to take that necessary step. I started to participate in all of the organization's activities and events, and once again developed the motivation and passion I initially had when I first joined Return Legacy. I want my fellow partners to enjoy success and growth as a team – the image of them proudly standing on stage to bask in the fruits of their labour is one that gives me great satisfaction.

I am eternally grateful to my partners and team members who have been with me every step of the way on my wonderful journey here. I promise to continue to lead my team towards success, because I know when my team succeeds, I do as well.

My team's success is my success!

The Avenue to Enduring Beauty

Your body will start to experience changes when you are about 14 years old and by the age of 55 signs of menopause will start to emerge. In other words, between 14 to 55 years old you would have experienced a total of 516 months of monthly bodily changes and post-menopause, you might need to adjust yourself to a variety of physical conditions as well. On top of that, the various stages of pre, during and post pregnancy also requires your body to adapt itself to ensure the baby grows up healthily.

For women, maintaining hormonal balance is pivotal to stay healthy and active during these life stages. Estrogen is the primary female hormone which mainly focuses on the development and regulation of the female reproductive system and various facets in a female's lifecycle. The effects of female hormonal imbalances are far-reaching and is often identified as the cause of various health problems, physical and emotional changes experienced by women.

ESTROGEN LEVEL VS INTERNAL WELLBEING

A Healthy Estrogen Level::

Starting from internal wellbeing, estrogen levels affect one's menstrual health including periods lasting longer, shorter, heavier, or lighter than normal. Changes in estrogen levels may lead to menopause symptoms for middle - aged women such as hot flashes, night sweats, insomnia and sleeping disorders.

stimulate growth of egg follicles in the ovaries, giving female the ability to conceive.

improve and maintain growth of inner lining of uterus during menstrual cycle and regulate flow of cervical mucus for protection, keeping the vagina lubricated.

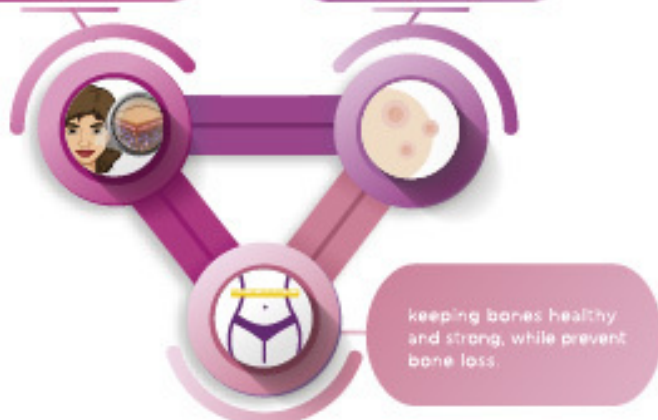

ESTROGEN LEVEL VS PHYSICAL APPEARANCE

A Balanced Estrogen Level is Effective In:

Physical appearances are also affected by estrogen in various ways. Inexplicable weight gains around the abdominal, hips, and thigh area? Nails and hair starting to get brittle and dry? These symptoms are potentially effects of imbalanced estrogen.

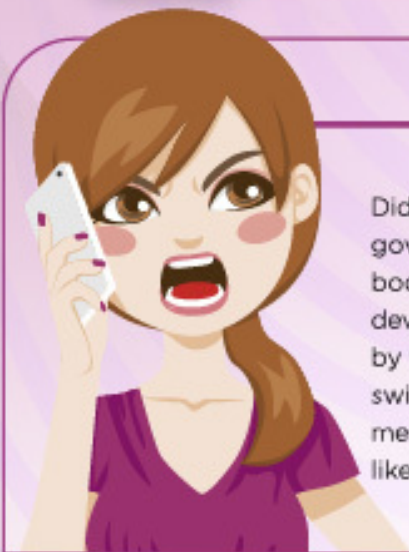

reducing wrinkling and dry skin, while improves skin thickness, condition, and collagen levels that helps prevent signs of aging.

decreases the likelihood of acne in females by suppressing the activity of skin glands that produce oily substances.

ESTROGEN LEVEL VS EMOTIONS

Did we mention that estrogen also affects how you feel where most of it is governed by none other than the brain? Not only does it help maintain body temperature, it also regulates the part of the brain linked to sexual development while enhancing the effects of feel-good chemical produced by the brain. Thus, whenever you feel easily irritated, experiencing mood swings, depression, anxiety, fatigue, find it difficult to concentrate or poor memory – you guessed it right, this hormone we've been discussing about likely has a role in it too.

Specifically designed with women's health concerns in mind, REOXlife PRO W+ and REOXlife PRO W+ Nutrient Strip check all the right boxes with a combination of natural ingredients and Micro- Mineralised Nutrient Technology (MMNT) – a technology from Japan. Rich in phytoestrogen, these naturally-derived ingredients promote hormonal support in achieving an ideal figure, beautiful complexion, inner health and relieve various female discomforts experienced by women in various life stages. The technology - MMNT amps up the absorption rate of the products, providing essential nutrient to the body. REOXlife PRO W+ and **REOXlife PRO W+ Nutrient Strip** enable all women to stay active and energetic, living life to the fullest regardless their age.

失败是 成功

的另一种
写法

DESMOND HOOI
传承国际副总裁

“几乎每个人都认为失败是一次挫折。对企业家来说，这是一次利润的损失；对其他人来说，这可能是一个把动机扼杀在摇篮的杀手。但是没有人真正知道，失败是成功的基石日本汽车制造商——本田宗一郎 (Soichiro Honda) 表示：“成功就是99%的失败。”他说得没错，因为倘若没有失败，您就永远不都会知道自己做的是对的还是创新的。

我一直都把失败视为一种过程。如果我们不改变我们看待事物的方式，我们的生活将永远都不会改变。当我把失败看作一种过程时，我会利用它来完善我自己，而这也间接地造就了我今天的成就。所以我要感谢我所面对过的所有失败和成功。因此，为了让您更清楚地认知到这一点，我想分享一些小建议，让您从不同的角度去看待失败。”

1 每一个过失都是一名良师

过失有时是丑陋的，有时甚至会趁您不以为意的时候趁虚而入。但当您回顾过去，并有意地让每一次过失都成为您的老师，您会发现它们只不过是吸取的教训。其实它们只是一个反馈工具，告诉您说，您已经偏离了道路，仅此而已。因此，不需要把失败看作是死胡同。

2 唯一不变就是不断改变

当我们谈到自己的目标时，我们有时会显得很固执。我们总是以自己的方式看待它，但是通往成功的道路充满了无尽的可能性。当您能够以不同的方式去看待它，或许能找到实现目标更有效的方式，然后您就可以调整自己的行动方向。这就像调整船帆以到达你的目的地，随风而去，不要逆风而行。

3 自我提升很重要

先从生活或事业中您可以改进的部分着手。留意自己缺少什么，以及如何能够改进它。我们每个人从来都不是百分百完美的，每天一点点的进步就能让我们走得更远。坚持不懈地努力就能成为比昨天更好的自己！

4 永远保持前行的状态

我们听过很多人形容成功“既近又远”，但对于一个真正成功的人来说，这段旅程的关键并不在于它有多近或多远，而是关于在通往成功的道路上坚持不懈，永不回头。我们每天都会遇到很多的争吵、情绪低落等等。重要的是，永远不要让这些因素影响你通往最终成功的道路。

5 每天都要保持坚定的信念

如果您不相信自己的成功，就更不会有人相信您。不管是每天给进行一个积极的自我对话，读一本鼓舞人心的书，还是仅仅和您尊敬的人交谈，这些方法都能帮助您保持成功的信念。当您能够坚定地告诉自己每天都要保持信念时，您已经征服了您的每一天，您离成功又近了一步。

克服失败或获得成功其实并没有任何硬性规定。我希望您可以花点时间来思考一下这个信息：

失败意味着延迟，而不是失败。失败应该是我们的老师，而不是一个错误。失败可能是绕道而行，但它并非死路一条。所以，您应该更快地接受失败，这样你很快就能体验到成功的甜蜜滋味了。

ROYAL AMBASSADOR
TING NO HEE

“我一直都有一个梦想，就是想拥有属于自己的事业。我希望凭着自己的努力，可以做到独立、自主、不依赖，我想知道一个女人可以有多强大。无奈我想创业的心一直得不到家人的支持。”

第一次，我想自己创业开理发店，当时诗巫并没有年轻人做这个生意，所以我觉得这门生意是很有潜力的。

可是我的父亲是一个观念非常守旧、非常传统的人，他觉得做理发不是一个正当的行业，也不是一个好女人应该做的行业。甚至当有一个老板娘说要花钱送我去新加坡学理发的时候，我的父亲还是执意反对。

后来，我想开新娘造型与化妆的店，因为诗巫当时也没有人做这门生意，所以就想去西马学化妆再回来自己创业。

皇室大使

ROYAL AMBASSADOR

可是学费实在是太贵了，加上父亲认为这个行业没有前途、做不了多久，所以又一次反对了。然后我的母亲送我去参加教会的3个月训练——《生命福音》，于是创业一事就这样不了了之了。

直到我在面子书看到晓芬分享传承国际这个事业，她说这门事业可以让人月入5、6位数。我当时第一个想法就觉得“怎么可能啊？！”，但是又实在是很好奇。后来实在是忍不住了就主动联络晓芬，可是晓芬出远门了，所以就变成是秀燕来见我。

设立目标

大胆追求自己的梦想，
也试图寻求一些我所缺乏的东西。

秀燕只是用一支小小的2° Redoxy抗老精华液，就成功攻陷了我的心。我是每个月花1000多块买护肤品照顾自己脸蛋的人，看到2° Redoxy抗老精华液的“奇迹”之后我就疯了，这么一支小小的东西居然比我每个月1000多块的产品好！我知道，机会又一次地来到了我的面前，这一次我不管怎么样也要牢牢抓住它！

自此我的人生就开始了一系列的转变。在传承国际里第一个月，我奇迹般地赚了5位数！这是我人生的第一桶金，可以说是出乎所有人的意料，包括我自己。于是我开始设立目标，大胆追求自己的梦想，也试图寻求一些我所缺乏的东西。我为自己定下了目标和方向，我也一一达到了。但是当我达成目标以后，我却渐行渐远，慢慢迷失了方向。

伙伴们在团队中 成长和成功， 给我很大很大的满足感。

我的记得父亲教过我一个叫做视网膜定律的东西。就是说你所看到的将会影响你所想的，也将会影响你所做的。当时的我想了很多、听了很多，也看了很多。很多时候事情听多了、看多了是没有问题的，但是负面的事情听太多、看太多的时候，就会带来很严重的影响。一个人的思想和观念一旦被影响，态度和行为也一定会受影响。当时我的行为就是渐渐疏远了整个团队，无形中导致我失去了方向，我不知道自己该怎么做、该怎么办。

我非常在意我的团队、组员，一旦我的组员受到委屈，不管他们本身是对还是错，我都会很伤感。这个时候我开始理解到父亲所说的视网膜定律。

当我听了太多的时候，我感觉不是每一件事根据我所想。那一瞬间我开始萌生了一个念头，叫转念。我开始180°改变自己，让自己踏出那一步。我开始参与公司的每一个活动，我也渐渐理解当初我参与传承国际的内在动力。我想要我的伙伴们在团队中成长和成功，他们站上舞台的那个画面是我想看到的，也给我很大很大的满足感。

感恩创业旅途上一直有你们相伴，我承诺会带着我的团队继续向前冲，因为我知道团队赢，我赢！

恒久美丽的秘诀

如果说您的身体在14岁时开始出现变化，55岁时逐显更年期症状，那意即14至55岁期间，您便会经历516次的每月生理变化，而迈入更年期后，您更需要不断调整自己以适应各种身体状况。此外，在备孕、怀孕期间和产后的各阶段，您也需要好好调理身体以让宝宝健康成长。

对在这些人生阶段的女性而言，体内激素的平衡是维持健康与活力的关键。雌激素是主要的女性激素，其作用体现在女性生殖系统和各方面的发育与调节上。因此，女性激素失衡对健康影响深远，常被认为是导致健康问题、外表和情绪变化的原因之一。

雌激素与健康状态

健康的雌激素水平：

于内在健康而言，雌激素水平主要影响一个人的月经周期，例如经期的长短和经量的多寡等。对于步入中年的女性而言，雌激素变化可导致更年期症状如潮热、盗汗、失眠和睡眠障碍的出现。

有助刺激卵巢中的卵泡生长，让女性较易于受孕。

在月经期间改善和维持子宫黏膜厚度、增厚子宫粘液分泌物，以生产保护作用及维持阴道润滑。

促进女性青春期的乳房发育，以及使女性产后可分泌母乳。

雌激素与外表

平衡的雌激素水平有助于：

除了内在健康，身体外观也受雌激素的各方面影响。当您无法解释为什么腹部、臀部和腿部部位会无故发胖，或是指甲和头发开始变弱变干时，这些症状也许是雌激素失衡的潜在影响。

减少肌肤干燥和皱纹的形成，同时改善皮肤厚度、肤质和提升胶原蛋白水平以防止老化迹象。

通过抑制生产油性物质的皮脂腺活动，减少长青春痘的机率。

保持骨骼健康和强壮，避免骨质流失。

雌激素与情绪

您知道吗？雌激素还会影响支配人体情绪的大脑。它不仅有助于维持体温，还帮助大脑调节对性爱的反应，同时还会增强产生良好感觉的化学物质。所以当您易怒、情绪波动、抑郁、焦虑、疲惫甚至是无法集中精神或记性较差，这代表您体内的雌激素正面临失衡。

专为呵护女性健康而研发的REOXlife PRO W+及REOXlife PRO W+ Nutrient Strip，采用独特配方及微矿化营养技术(MMNT)，满足女性维持健康所需的营养需求。由天然植物萃取物研制而成，蕴含了丰富的植物雌激素有助于促进健康的荷尔蒙水平，以达到更理想的体态，肤质及内在健康，并且缓解女性在每一个人生阶段可能面对的不适症状和困扰。

透过微矿化营养技术 (MMNT)，人体能更易于吸收产品的营养成分，发挥最佳的效益。REOXlife PRO W+与REOXlife PRO W+ Nutrient Strip让所有女性都能保持精力充沛，无论在那一个年龄层都能活得精彩充实。
