# THE POWER OF SUCCESS

“ Everyone wants to be successful. They all start their path to success quite well, then when it comes to the midpoint, most will give up as it becomes harder. Only a few will get to the finish line. If you think about it, attaining success is like running the marathon. If you have ever joined the marathon, you would know the amount of training, mind control and stamina it takes. ”

**PATRICK LIM**  
CEO OF  
RETURN LEGACY

The same can be said for attaining success.

The mind is the most important factor and it is also the starting point. Without the right mindset, virtually anything is impossible. Thinking positively is one way to define successful thinking. The more you do it, the more you will see that the mind is a powerful tool that determines your success. When you desire a certain outcome in your career, personal life and more, you would probably see it in your mind's eye. The more you see it with detail and clarity, you are sure to achieve whatever you set your mind to.

Successful thinking is also about noticing the self-talk you have in your head. What kind of conversations do you have in your head about yourself? Are they positive, are they negative or are they just rambles and totally nothing related to the successful life you desire? Be aware of your self-talk from now on. Change your self-talk to a positive one and see the results in your life unfold.

Now, how are your planning skills? Do you plan out your day, or do you leave it to daily circumstance? Most of us have to-do lists and sometimes, they do more harm than good. When you start your day fresh, you will feel all pumped up. Then throughout the day, as you tick off the list of things to do, you get jaded. The items on your list that did not get ticked off, gets pushed to another day. Sound familiar?

There is a better way to plan. Always ask yourself this question – What is the most valuable use of your time, right now? Once you know the importance of this question, you will know automatically what to put into your list of things to do and you would be surprised how your day becomes more productive. You will know what to prioritize and you will always prioritize what matters to your success first. There will be no time and effort wasted here. This is a great way to live your day fully and purposefully.

Last but not least, your goal settings. Do you agree that goals that are too vague gets nowhere? As you are reading this, ask yourself if you already have at least 3 of life goals which you want to achieve. They can be **personal**, **family** or **career**. If you do not have at least 3, chances are, you are just trying to make it in life without a blueprint. Your goals should inspire you, motivate you and become the reason you wake up every morning for.

As a Legacian, we believe that success is the culmination of these 3 things – achieving purposeful goals, planning your time and focus on what truly matters and having a successful mindset always.

WITH RIGHT  
MINDSET,  
EVERYTHING  
IS POSSIBLE

# *Congratulations* to Legacians on your outstanding achievement!

## ARE YOU STILL SQUEEZING TOOTHPASTE TUBES EVERY MORNING?

Do you know there is more than meets the eye when it comes to oral health and that the tooth is the only part of the body that can't heal itself? You may pride yourself as the owner of a set of flawless pearly whites, but there is always room to do more to keep it even healthier.

Brushing or cleaning your teeth twice a day is not quite enough to maintain healthy teeth. In fact, we should clean our teeth after every meal because the food we consume often have residual left on the tooth surface, leading to bacteria growth and eventually forming plaque. Leaving this sticky substance untreated causes bad breath, cavities, and other gum diseases. However, dental experts have also noted that brushing your teeth immediately after a meal also damages tooth surface as well as gum tissues due to acids. Even soft-bristled toothbrushes can be highly abrasive when enamel is already weakened by high acid levels. And let's not forget, at this day and age we're always pressed for time and brushing your teeth that frequently would be rather inconvenient.

To provide a holistic teeth cleaning solution that is practical and effective, the legacy science had developed O' DENTEE, Malaysia's pioneering tooth foam! O' DENTEE has created a revolution by going against conventional toothpaste forms, introducing a delicate yet compact foam that deeply and thoroughly cleanses your teeth – including hard to reach spots, thus improving overall oral health.

O' DENTEE contains Lynenox™, an exclusive ingredient crafted using cutting edge technology and stringent quality control. This Return Legacy's proprietary blend of natural plant extracts which includes sugar beet, licorice and perilla seed that has substantial antibacterial properties. Meticulous research of each ingredient's unique characteristics to form Lynenox™ is conducted before finally extracting its finest properties – at Return Legacy, we believe quality ingredients are the centre of every outstanding product. All ingredients are handled with exceptional care and nurtured in an eco-friendly controlled environment, ensuring it retains top-notch quality and all of its nutrients. The extraction is a process that is laboriously monitored, with strict standards of quality control to ensure quality is of the highest grade. The unique combination helps break down 98% cariogenic bacterial membranes, keeps breath fresh, and greatly reduces plaque build-up – conveniently addressing all your teeth and oral care needs.

### 1. LICORICE EXTRACT

An active ingredient found in Southern Europe and parts of Asia, which has been used in Korea's herbal medicine

### 2. PERILLA SEED EXTRACT

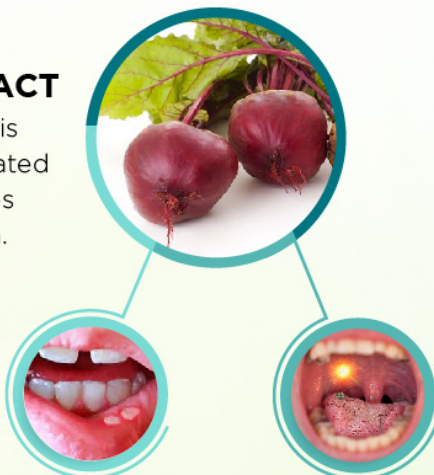

A type of Japanese herb from South East Asia which is rich in polyphenols, contains antioxidant and anti-inflammatory properties.

### 3. SUGAR BEET EXTRACT

A natural product which is chromatographically separated from sugar beet molasses during sugar production.

Helps to relieve irritation

COMBINING TOOTHPASTE, MOUTH WASH  
AND MOUTH REFRESHER AS ONE,

Cleans and strengthens your teeth

Relieves bad breath, providing you fresh breath

Breaks down stubborn tooth stains, achieving clean, white teeth

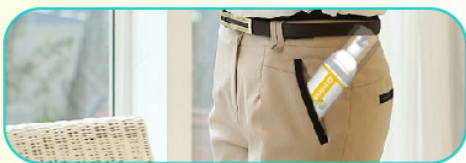

Effectively reduces oral bacteria, preventing tooth decay and tartar formation

Protects and reduces the risk of gingivitis

Different from how traditional toothpastes are generally used, **o'dentee is suitable for a variety of people and situations:**

Travellers, who need to carry with them an easy-to-use oral care solution in airports, planes, and even hotels.

Individuals with braces or other orthodontic construction, which will result in substantial oral hygiene improvement.

City-dwellers with hectic lifestyles, providing a quick and hassle-free oral solution.

Coffee and tea lovers, who can enjoy their cuppa without having to worry about teeth staining.

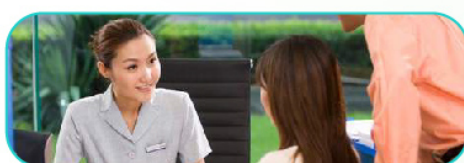

Smokers, who can be free of residual tar from cigarettes via its cleaning properties.

Helps to greatly reduce bad breath, commonly experienced by individuals who enjoy food that are spicy or leave a strong aftertaste (e.g. garlic, onion).

Sensitive gum and teeth, as it helps strengthen gum and reduces occurrences of sensitive reactions when eating or drinking.

Those who constantly need to interact with others, such as sales persons and promoters, keeping their breath fresh and confidence sky-high at all times.

## 2° Redoxy Essence

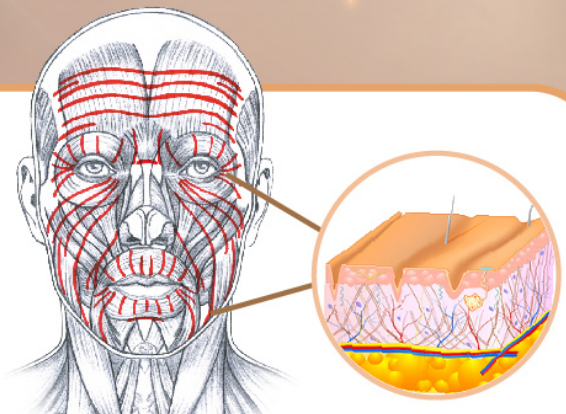

Human cells – including the skin – will begin to naturally age at around the 25-year-old mark, and as one grows older, this phenomenon increases in speed and regularity. The single largest human organ is actually one's skin and the cumulative effects of age, environment, lifestyle, weather, stress, smoking, exhaustion etc. gradually causes it to deteriorate over time. The signs of aging skin include the appearance of fine lines, wrinkles, and lower elasticity. Hence, to prevent and delay these we should exercise good habits in taking care of our skin, achieving a healthy you which radiates from the inside out.

With anti-aging as its core-function, 2° Redoxy Essence is created using several unique ingredients along with Micro-Mineralised Nutrient Technology (MMNT) that enhances product absorption via micro cluster formation, and is effective in delaying skin-aging, keeping your skin smooth and supple at all times.

Wrinkles and aging signs are a by-effect of our daily facial expressions – laughing, smiling, crying – as our muscles are in a state of contraction. Due to the highly frequent nature of these occurrences daily, wrinkles, fine lines, and expression lines are formed over time.

Facial expressions

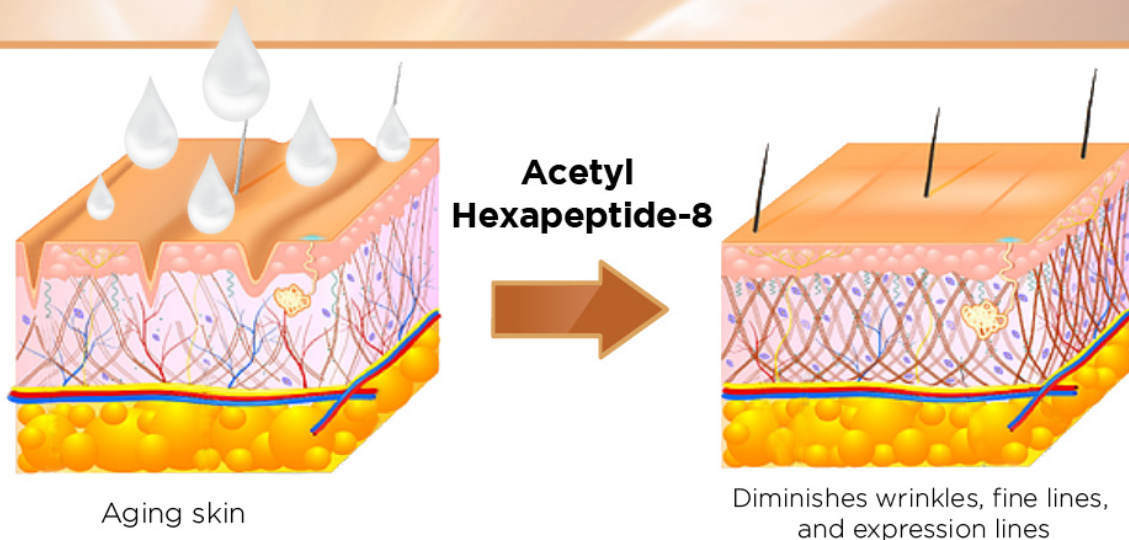

Muscles contraction

## Acetyl Hexapeptide-8

helps reduce these muscle contractions which greatly decelerates and eventually diminishes the aforementioned aging signs.

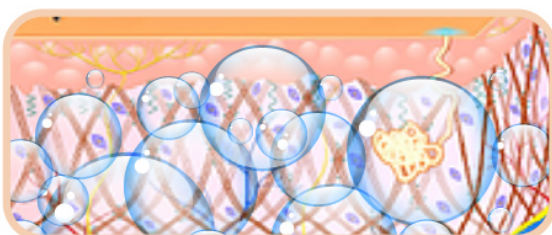

\*Study shows an improvement of 20.6% on signs of aging after applying Acetyl Hexapeptide for a week.

# 持续拓展， 成功在望

“每个人都渴望能够获得成功，获得好的成就。每个人起步的时候都做得很好，但是当路途变得越来越艰辛，渐渐地就会选择放弃，最后能闯过重重难关坚持到底的人是少之又少。假如把追寻成功的过程想像成是一场马拉松，亲身体验过的人就会知道，一场马拉松会耗费您多少不为人知的前期训练，您还得具备铁一般的意志力和体力，缺一不可。”

PATRICK LIM  
传承国际总裁

# 心态

要获得成功恰恰也是一样的。成功道路上的第一步，也是最关键的一步，其实是一个人的心态，也可以说是信念。如果没有保持良好的心态，任何可能做得到的事情都会变成不可能。伟大的成就来自于积极正面的心态，无论您做任何一件事，您的心态都会给您一定的力量。不管你是渴望在事业上还是在生活其他方面获得成功，这正面心态就会成为你内心的一股欲望。积极正面的心态会促使您所有的思想和努力，以达成最终胜利为依归。

成功的思维模式与您和自身的对话息息相关。您与自己的对话，是积极正面还是消极负面呢？从现在开始，需格外注意自己的思维模式，要多进行“我可以的”、“我是优秀的”、“还须再改进”的心理暗示，成为思维模式足够正面的人。

接着，就要视乎一个人的规划能力怎么样了。您是每天按着计划按着任务清单走，还是从来不做任务清单，每天只是机械地过着一样的生活呢？我们都会有一个任务清单，但这个清单其实往往是弊大于利。我们每天早上一觉睡醒，很有活力很有干劲，但是执行任务清单上的事项久了以后，我们会渐渐产生一种厌倦的感觉。一旦有了这样的情绪，那些还没来得及完成的事项就会被推迟一天去执行。您会不会也常常这样的呢？

其实还有一个更好的规划方法。只要你常常问自己，“我能怎么让时间流逝的价值最大化？”当您意识到这个问题的重要性的时候，您自然会知道首要做的事情有哪些。紧接着您会发现自己做事变得特别高效率。这么一来，您凡事首先考量的重点是哪些事情更重要、哪些事情会决定您的成败。如果目标是您的终点，远景是您的燃料，您的计划就是让您免于迷路免于浪费时间精力的攻略地图。

最后，就是要有明确的目标。漫无目标的努力或漂荡终归会迷路。但当您有了目标，内心的力量才会找到方向。您过去和现在的情况并不重要，您将来想获得什么成就才是最重要的。有目标才会成功，如果您对未来没有理想，就不会有更卓越的成就。设定目标后订出中长期计划来，而且还要怀着迫切要求进步的愿望。远景就像是燃料，它能让您在长期目标上不断坚持。开始的时候，您未必有个明了的远景。只有在不断地实践自己的小目标和中期目标时，渐渐地充实自己的远景，从而继续引导您奋发向前。

给自己正面的心理暗示、一步步规划，最后定下明确的目标去执行！作为传承国际的一份子，我们相信，只要坚持做好与成功密切相关的这三件事，那么成功将成为一种习惯，伴随您一生！

# 每日早晨， 你仍在挤牙膏吗？

您可知道维持口腔健康并不如您想象般简单，而牙齿是身体唯一不能自我复原的部位？您或许为自己那洁白无瑕的美齿感到自豪，但其实您还能做得更多、做得更好，让牙齿更健康一些。

一天刷两次牙并不足以维持牙齿健康。事实上，我们应该在每顿饭后清理牙齿，因为食物会残留在牙齿表面，导致细菌生长并形成牙菌斑。这种粘性物质若不经清理会导致口臭、蛀牙和其他牙龈疾病。然而，牙科专家也指出，饭后立即刷牙会让酸性物质损害牙齿表面以及牙龈组织。一旦珐琅质被高酸度弱化，即便是软毛牙刷也可能具有高度磨蚀性。而且别忘了在这时代我们总是追赶时间，紧凑的行程并不容许我们频繁刷牙。

为提供一个既实际又有效的口腔清洁护理方案，传承科研研发了马来西亚首支喷沫牙膏O' DENTEE！

O' DENTEE颠覆传统牙膏的膏状质地，以细腻饱满的泡沫状零死角地渗入牙齿的细缝中，无需使用牙刷也能达及全方位清洁之效，还口腔一个更健康的环境。

O' DENTEE含有使用尖端技术与严格质量控制研制而成的独家配方——Lynenox™。此配方集合了天然植物提取物，包括甜菜、甘草和具有显着抗菌特性的紫苏籽。传承国际坚信优质成份是打造卓越产品的根本，在提取植物精华以前，传承科研会对每种成份的特性进行细研，并确保所有萃取成份经特殊处理，并培育于生态友好的环境中以确保质量和所有营养成分的优质性。此外，提取过程经严格监控，务求质量达最高等级。此独特配方有助于分解98%的致龋细菌膜，保持口气清新，减少斑块的形成，轻松满足您所有的牙齿和口腔护理需求。

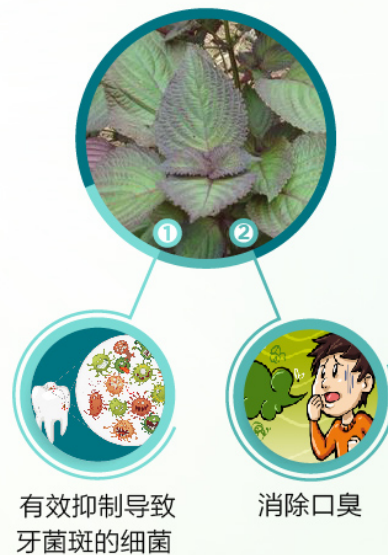

### 1. 甘草萃取物

源自南欧和亚洲部分地区的天然成份，常用于韩国草药。

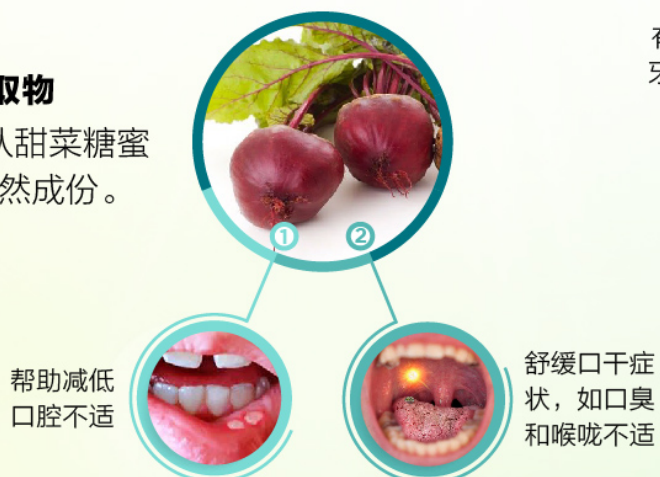

### 2. 紫苏籽提取物

源自于东南亚的一种日本草药，富含多酚及具抗氧化和抗炎特质。

### 3. 甜菜萃取物

一种制糖过程中从甜菜糖蜜中色谱分离的天然成份。
