RECALLING YOUR ROOTS

REIGNITING YOUR PASSION AND ADHERING TO YOUR INITIAL GOALS

Do you still recall

what was the mindset you possessed when you were determined to start your own entrepreneurial journey?

With a heart and soul burning with passion and enthusiasm, you stepped into the industry yearning to learn and to achieve your personal and professional goals together with **Return Legacy**. Regardless of where you are in life, it is pivotal to set clear goals for yourself and strive towards them with a strong resolve. Although not all your efforts will be rewarded, bear in mind that no efforts at all will reap nothing.

Whether you're a newcomer finding your footing on the beginnings of your journey or an individual already in the midst of conquering personal challenges, everyone is presented with equal opportunities, so long as you're willing to learn and put in the work. With perseverance and strength, you will eventually reach your destination. On the path of pursuing and achieving your dreams, working hard is just one element in the recipe to success; it is important to never lose your heart and will, and to always remember your personal aspirations.

COO OF RETURN LAGACY
TONY SAW

In the pursuit of success, there may be occasions where you will inevitably stray from your path and even lose sight of your goals. If you're experiencing these thoughts, do be mindful of why you chose to join Return Legacy in the first place. People join our family with different goals in mind, be it to take care of their health and wellbeing, to have better incomes in order to improve quality of life or to build their own career. After achieving your goal, would you stay within your comfort zone, or move on to pursue more ambitious goals? Our goals should not be singular, nor should it always be within a familiar phase. No matter what situations you find yourself in, treat it as an opportunity to examine, learn, and master greater knowledge. If you cease your pursuit within the confines of the status quo, you will certainly regress in your progress.

There are many who encountered setbacks or experienced failure on their journey, and they chose instead to give up on their dreams. It is unfortunate to succumb to fate, and to use it to rationalize losing their aspirations. Facing reality while compromising on your initial goals takes a toll on your passions.

If you believe that this is your destiny, that running away from your problems and compromise cannot change that, then I assure you that my perspective on this issue will be wholly different than yours. If you ask me, can fate be changed? I will honestly answer that while I do not have a comprehensive reply to that question, not accepting fate as it is, is what drives my life. Just think – why did you chose to begin your journey with Return Legacy? Will you easily yield to the smallest of challenges and difficulties encountered?

On the path to success, we should be constantly surpassing and improving ourselves, while being mindful of our initial goals and aspirations in order to push us further. It is also critical to set different goals that mirrors your stages towards success.

It is my hope that we are able to regain our initial passions, and to not forget how our past struggles have forged the success and present paths we experience today. With this determination, are we able to continue to create stunning miracles of life.

SHIELD YOUR SKIN

FROM UV AND POLLUTANTS

everyday hustle and bustle to weekend leisure, urban life makes you feel alive and full of energy. But, it's an urban dilemma, your skin might not be as in love with urban life as you are. The key culprits causing havoc on our skins are sunlight, blue light emitted from digital devices, environmental pollutants, daily stress and the less-than-stellar lifestyle choice.

Urbanites get plenty of sun exposure as walking out under the sun is inevitable. Even if you stay indoors, the damaging rays are unavoidable. Women often slather their faces with SPF daily to negate the sun's aging efforts. However, we did not realise air is the newest enemy in skin care besides harmful ultraviolet (UV) rays. As we all know, UV rays can accelerate signs of aging visibly as well as increasing the risk of skin cancer. What about the air pollution we encounter every day?

2°L'UV

Over the years, pollution has increased alarmingly in Asia. We neglected the fact that our everyday exposure to pollutants is disrupting our skin barrier and stripping our skin from moisture. It no longer just affects the environment, impurities found indoors and outdoors are harmful to our skin.

Unforgettable Sunscreen

SPF 30 PATT

ETURNLEGACY

L.UV, a water-resistant sunscreen rated SPF 30, is invented to fight against UV rays, pollution and photo-aging. If you haven't incorporated SPF into your skincare routine, this sunscreen doubles up as protection from UV rays and environmental aggressors. It does not only shield skin against the damaging effects of UVA and UVB rays, it also provides protection against polluted air and blue light which emitted by smartphones, laptops and tablets.

Research has shown that UV rays is accountable for approximately 80% of visible facial aging signs, including wrinkles, pigmentation, skin dullness and loss in skin elasticity. L.UV offers you the solar protection you need, absorbing UV radiation before they reach and damage the dermal layers. While L.UV helps to reduce destructive sunburns, it soothes, hydrates and tightens our skin, thanks to the natural Ectoin active ingredient.

Unforgettable

SPF 30/PA

You might be able to avoid sun exposure by staying in the shade. Unfortunately, there is no way to avoid the polluted air. Air pollution exposure is significantly correlated to skin aging signs. With smog hanging over our city, our skin faces a lot of dirt and contamination. These substances, which penetrate in our skin slowly, can yield inflammation, trigger skin sensitivity, causing skin dehydration, dull and sallow skin, as well as increasing wrinkle formation. It does not only destroy our beautiful city; it destroys our skin and health.

Concerns have been raised that sunscreen may lower **vitamin D** level. **L.UV** contains the **Vitamin D** that our body need without exposing skin to the sun. The "sunshine vitamin" - **Vitamin D3** in **L.UV improves our skin barrier function**.

With millions of us living in cities and busy towns, it is important for every urbanite to ensure our skincare routine defends the grind of city life. Protecting skin from daily solar and pollutants is a year-round commitment. Nonetheless, whether you live in an urban or rural area, the negative effects of UV rays and environment pollution on our skin can be best prevented or remedied with the right sunscreen.

Simply apply **L.UV** on your skin as it acts a **protective barrier** to shield your skin. The light sunscreen is ideal for **normal**, **dry**, **oily**, **mature** or **combination skin**, perfect to use every day, over moisturizer and under make up, to ensure skin is fully protected.

The UV rays and pollutants we encounter daily may be largely inescapable, but there's ample reason to be defensive in our skin care routine. Get the **glowing**, **spot-free skin** you deserve with **L.UV**. Don't let the hot sun, pollution and stress dampen the fun of living in the city!

REOXLIFE JUNIOR MEDITERRANEAN KIDS

Back in the day when we were children, we were little helpers to our parents. We helped with the house chores, run random errands, and any food that was served to us during mealtimes, we ate with gratitude. But today, the roles have switched. As young parents in today's era, most of us treat our children like kings and queens. We pander to all of our children's needs and wants, we rarely task them with household chores, and most worryingly, mealtimes have somewhat become a trial and error process to figure what food our children prefer, rather than training them not to be picky about their food!

While it's important to develop a loving and close-knitted relationship with our children, it's also important to inculcate discipline in them especially when it comes to what nutrients they put into their bodies. How many of us are guilty of pacifying or rewarding our child with unhealthy treats such as sweets, chocolate. ice-cream, or the recently infamous bubble tea? You're one of them, right?

Unknowingly and inadvertently, you may just be the culprit behind your darling children's bad eating habits! By allowing these unhealthy food options to appear constantly in our children's life - especially in contexts where they are treated as rewards - it is no wonder that our children will choose unhealthy snacks over other healthier food options such as vegetables and fruits

If our children develop bad eating habits, this will take a toll on their growth as well as overall health. As children grow, they need to consume sufficient nutrients in order to build a strong and healthy immune system. The lack or insufficiency of proper nutrients will cause a multitude of health problems such as stunted growth, weakened body immune system, unhealthy digestive system, among others.

Worried already?

Here are a few tips on how to prevent your child from becoming picky with their food:

Make meals visually appealing.

Incorporate more happy colours and arrange or cut the food into different shapes so that it appears visually interesting.

Switch up the menu every once in a while.

Incorporate a new ingredient in your children's meals whenever you can to expose them to different tastes and textures so that as they grow, the introduction of new food will not intimidate or deter them.

Prepare handy-sized food that is easily and conveniently consumed.

Try preparing food that are easy to grab and eat such as carrot sticks, celery sticks, meatballs, and etc, as children are always running around.

Don't always offer desserts.

Desserts should be treated as special occasion treats rather than part of a meal so that consuming unhealthy, sugary food does not become a habit.

Make mealtimes regular.

When mealtimes become a consistent part of your child's day, they will be less likely to reject what's served on their plate as they have become accustomed to the routine.

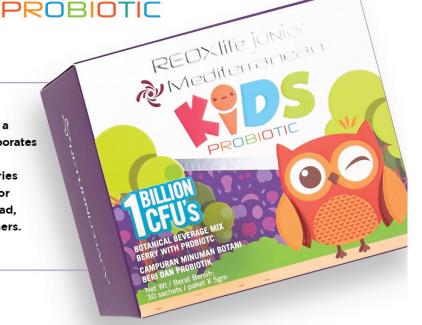

However, what should you do if your child is already somewhat of a picky eater? Is this problem reversible? Well, the good news is it is reversible. Simply try out the above steps in a consistent manner and you will eventually see changes in your child's eating habits. But the bad news is this: it is going to take a while, and it is going to be challenging. A picky child already has a list of likes and dislikes when it comes to food, and they are not going to easily give up what they prefer NOR reaccept what they've already rejected.

But here's a second good news. There is one easy way to ensure that your child receives the proper nutrients they need while you slowly steer them back towards a healthier diet - REOXlife Junior Mediterranean Kids.

REOXlife Junior Mediterranean Kids is a health supplement for children that incorporates the elements of a Mediterranean diet. A Mediterranean diet is inspired by countries like Italy and Greece which are known for healthy food such as olive oil, Greek salad, Italian greens, Greek yogurt, among others.

In essence, the nature of a Mediterranean diet is as follows:

Daily consumption of vegetables, fruits, whole grains, and healthy fats

Weekly intake of fish, poultry, beans, and eggs

Moderate portions of dairy products

Limited intake of red meat

And the state of t

重温初心

坚守初衷

"你们还记得, 当初是抱着什么心态决心开始自己的事业吗?」」

当初的你带着满腔热血踏入这个行业,渴望透过**传承事业**而达到自己的目标。一个人无论身在哪一个岗位,想要获得成功首先需要为自己设立一个清晰的目标,并向着目标努力奋斗。虽然不是每一次的努力都能换来收获,不努力就肯定不会有收获。

无论你是刚起步的新人或正在一步步往上爬的途中,

每个人都被赋予平等的机会,只要你愿意坚持不懈的学习与奋斗,终会到达理想的目的地。在追梦的路上,除了努力奋斗,**更重要的是莫忘初心及牢记自己的使命**。

传承国际营运总监

TONY SAW

在追求成功的过程中,偶尔难免会迷失方向,甚至遗失了自己的目标。如果你正处于这样的状态之中,请仔细回想当初为何选择加入传承国际?每个人为着不同的目标而加入传承大家庭,有的是为了想重拾健康、有的是为了提升收入以享有更优质的生活,又或者想打造属于自己的事业。当你完成给自己设定的目标后,你会原地踏步,还是追求更宏大的目标?人生的目标不应该是单一的,或永远一直停留在同一个阶段。无论你现处哪一个情况,都需学习及掌握更多知识,你一旦安于现状停止不前,必然会退步。

有许多人在追求目标当中遇到挫折或停滞期,因此,他们就停下了脚步,然后就放弃了。这就是向命运屈服而抹掉自己的梦想,面对现实,选择妥协,然后安慰自己,"这就是我的命运。"

逃避和妥协是改变不了命运。 若你问我: "命运是可以改变的吗?" 我会答你: "我也不知道",但"不认命"就是我的 命远。试想想,当初你为何而开始传承事 业?难道这么就轻易被挫折打败了吗? 因此,我们应不断地超越自我,不断完善 自我,但同时始终坚守初心,不改初衷, 这样才能走得更远。此外,我们也应在不 同的阶段设定不同的目标,为之奋斗,才 能创造人生奇迹。

愿我们能再次重温初心,莫忘是当初的奋 斗成就了现在; 坚守初衷,创造更多人生 奇迹。

保护肌肤

免受紫外线与污染物的侵害

即言 器的周日、休闲的周末,繁花似锦的城市生活让您充满活力。然而,您的皮肤或许不会喜欢这样的环境,因为严重伤害皮肤的罪魁祸首正是阳光、数码设备发出的蓝光、环境污染物、日常压力以及不尽人意的生活方式。走出户外与阳光接触是城市人生活里无可避免之事。就算待在室内,亦躲避不了射线的伤害。

女性每日为脸部皮肤涂抹防晒霜以抵抗阳光的老化作用,却没意识到空气是有害紫外线之外的皮肤最新敌人。众所周知,紫外线可明显加速老化迹象并增加罹患皮肤癌的风险,但我们每日接触的空气污染物呢?

2°LUV

这 些年来,亚洲的污染问题日益严重。我们忽略了污染物可破坏皮肤屏障并剥夺皮肤水份这个事实。它不仅影响环境,室内和室外所发现的**杂质**亦对我们的**皮肤**带来**伤害**。

它还可阻挡污染空气和智能手机、笔记本电脑和平板电脑发出的蓝光。

研究表明,80%的脸部皮肤老化迹象,包括皱纹、色素沉着、肌肤暗沉和弹性下降是由紫外线所造成。 L.UV为您提供所需的防晒保护,在紫外线接触并损害真皮层之前吸收紫外线,帮助减少破坏性的晒伤,并通过天然Ectoin活性成分舒缓、滋润及紧致皮肤。

您或许可待在阴凉处避免日晒,但污染空气呢?空气污染与皮肤老化问题息息相关。烟雾笼罩着我们的城市,脸部肌肤自然受污垢和污染所影响。这些杂质逐步渗入皮肤后可引发炎症,导致皮肤敏感、脱水、暗沉及泛黄,甚至加速皱纹的形成。它不仅摧毁我们美丽的城市,还会破坏我们的皮肤和健康。

2° L'UV

特别配方研制而成的L.UV可抵消城市生活带来的影响,使城市人能走出户外享受生活。L.UV蕴含Ectoin和维生素D3,前者为一种已知的抗污染物质和预防冷热伤害,可保护皮肤免受紫外线的损害及空气污染物的影响。此外,Ectoin还可防止各种环境压力因素对皮肤造成的损害,同时改善受损、老化、压力和受刺激皮肤,通过支援皮肤免疫系统维持皮肤健康。

REOXLIFE JUNIOR MEDITERRANEAN KIDS 让孩子实践健康饮食

在我们还小的时候,我们是父母的小帮手。我们帮忙做家务、处理繁琐小事,以感恩之心吃下父母为我们准备的所有餐食。但今天,我们的角色对换了。作为新时代的年轻父母,我们不由自主地把孩子宠得像国王与王后一样。我们迎合孩子的所有要求,包括甚少让他们做家务及最令人担忧的——让孩子自行选择他们喜爱的食物,而不是培养孩子正确的饮食观念,避免让挑食的情况出现。

与孩子建立亲密和充满信任感的亲子关系固 然重要,但培养孩子的良好纪律同等关键, 尤其关乎孩子的饮食,因为这将决定他们是 否得到生长发育过程所需的营养素。 试问,哪位父母不曾以糖果、巧克力、冰淇 淋或近期火红的珍珠奶茶等甜食奖励孩子? 你一定有过这种经验,对吧? 其实,你可能 是无形中促成孩子养成不良饮食习惯的罪魁 祸首!允许这些不健康食品选项出现在孩子 的生活中,特别是作为奖励,将让孩子倾向 选择不健康食物多于蔬果等健康选项。

一旦孩子养成了坏习惯,这将影响他们的成长与健康,因为儿童的成长发育需要足够的营养素作为支撑以建立强壮和健康的免疫系统,营养素的缺乏可导致发育迟缓、身体免疫系统减弱、消化系统变弱等各种健康问题的产生。

已开始担心孩子的健康?

不妨参考以下几点有关如何避免孩子 变得挑食的提示吧!

让食物变有趣:

在食物中加入更多色彩,或将食物排列或切成不同形状,让视觉上变有趣。

不时变换菜单:

在孩子的膳食中加入新食材,让他们尝试不同的味道和口感,好让他们不抗拒新的食物。

准备方便进食的食物:

孩子爱四处走动,不妨为他们准备易于抓取和进食的食物 如胡萝卜条、芹菜条、肉丸等。

减少食用甜食:

甜点应作为特殊场合的食物,而不是日常餐点的一部分,避免孩子养成食用不健康及含糖食物的习惯。

定时进食:

定时进食可避免孩子养成挑食的行为,并习惯性地吃下父母准备的所有餐食。

如果你的孩子已养成挑食的行为,只要尝试以上几点,情况仍有改善的可能。然而,改变需要时间,而且非常具挑战性,因为孩子已对食物有了基本偏好,不会轻易妥协或重新接受他们不喜欢的食物。

不过你不必担心,要确保孩子摄取足够的营养素并导 正孩子的饮食习惯还有另一有效方法,那就是
