ACTIONS ARE STEPS LEADING TO

SUCCESS

THE MORE YOU TAKE THE GREATER THE SUCCESS

The overnight success stories are works of fiction, the only path that leads to success is one where you put in hardwork.

Everyone wants to be successful. They all start their path to success quite well, then when it comes to the midpoint, most will give up because it becomes harder. Only a few will get to the finish line. Have you ever wondered how your mind tricks you into making up scenarios in your head when you fail? The journey to achieve your dream can be long, winding, bumpy and sometimes you could encounter detours. But stay present in the

moment and understand that success is a process. Stay with the process, trust it and let it shape you and lead you to your dreams.

The same is true for managing the Return Legacy business. No one can immediately be successful upon taking the first step. It takes experiencing countless setbacks, discovering the right methods, and constantly taking actions to achieve greater success and expanding your vision.

INDONESIA'S CULTURE

4 DAYS 3 NIGHTS

JAKARTA & BANDUNG INDONESIA TRAVEL INCENTIVE

Heartiest congratulations to all family members who won the travel incentive.

We will travel to Indonesia to explore local cultures from November 23rd - 26th!

FATAHILLAH SQUARE

Fatahillah Square is located north of Jakarta and has numerous museums. It was under Dutch colonial rule for 350 years and the influence on Indonesia can be seen everywhere as various famous museums and landmark buildings retain characteristics of Dutch architecture.

NATIONAL MONUMENT

The 137-meter-high National Monument is also known as Monas. At the top is a torch sculpture made of gold, symbolizing the independence of the people and the symbolic landscape of Jakarta.

TAMAN MINI INDONESIA INDAH

Taman Mini is also a recommended local tourist attraction and is a cultural and leisure park in East Jakarta, Indonesia. People come to this park for an overview of Indonesian culture as it covers 26 provinces and regions of Indonesia, perfectly capturing the unique architecture, clothing, dance, and traditional features of each. There is a uniquely crafted lake in the center of the park which is a miniature version of the Indonesian map.

RANCA UPAS

Kawah putih is one of the famous tourist spots in Bandung. The volcanic lake is not only scenic, it also carries a milky white colour with hints of blue due to sulfur and weather exposure hence nicknamed "The White Lake". In this milky volcanic lake, immerse yourself in sulfur-filled air or feast your eyes on the fascinating colors of the white volcanic lake conjures.

Additionally if you like animals, you must not miss Kampung Cai Ranca Upas or Deer Farm! Here, you can move beyond the fences to get closer to the deer and even feed them! Surely an unmissably unique experience that cannot be missed!

JALAN RIAU FACTORY OUTLET

The Factory Outlet at Jalan Riau is a famous shopping paradise in Bandung and Jalan Riau \itself is known as the Factory Outlet street where you can find a variety of fashion brands and styles.

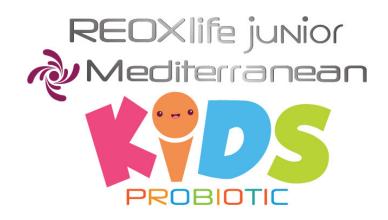

CIHAMPELAS

The Cihampelas Street in Bandung - known locally as Jeans Street - doesn't merely sell jeans. There are a variety of boutiques and fashion stores along the street, as well as a number of stalls with a variety of local costumes and small souvenirs.

REAP THE BENEFITS OF A **MEDITERRANEAN DIET** IN JUST ONE SACHET

Health is wealth. For parents, this phrase carries polarising concerns as we believe that both health and wealth are important in providing a wholesome lifestyle for our children. But think about this – as your children grows older, he or she will learn and be able to create their own financial stability to sustain themselves even without your help. But if they are not given sufficient nutrition and nourishment since young, will their adult self be able to recreate good health out of thin air?

Our children's health is of utmost importance compared to anything else. Children need the most essential nutrients at their tender age, as during this time they are building a sustainable body immune system for their adulthood.

THE IMPORTANCE OF PROPER NUTRITION IN EARLY CHILDHOOD DEVELOPMENT

While adults need nutrients for maintenance and physical activity, children need it for growth and development. Children requires about 3 times more energy per kilogram of weight than adults due to the added metabolic requirements for growth. Therefore, it is important that children receive adequate amount of nutrients to develop strong and healthy body.

Weakened immune system
Increased chance of catching
illnesses and infections

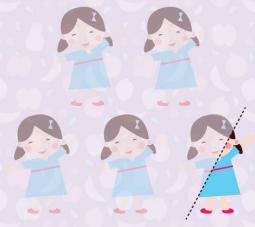

Growth deficits
Stunted physical development
in both weight and height

Delay in cognitive and
psychomotor development
Poor mental and learning abilities

Diminished physical activity
and development
Poor physical and fitness abilities

Behavioural problems
Abnormal manners and actions

health problems such as:

CAUSES THAT MAY LEAD TO NUTRIENT DEFICIENCY

Dietary habits are changing among the population. The introduction of unhealthy diet such as fast food, processed food, sweetened beverages are high in fats and sugar, encourage in developing bad eating habits due to it's delectable and lusciousness to children. While fruits and vegetables are the main source of vitamins and minerals for a healthy body, studies have shown that less than one-fifth of the children in Malaysia are consuming the daily recommended servings of fruits and vegetables. If we continue to take no action, the future of our children's health may soon face gloomy realities!

WHAT IS A MEDITERRANEAN DIET?

Have you heard of the Mediterranean diet? It is one of the most recommended healthy diet by UNESCO and this diet is inspired by countries like Italy, Greece, Spain, France and etc. Think of olive oil, Greek salad, Italian greens, and Greek yogurt – they are healthy food options unlike the fried chicken, burgers, or even local delights such as nasi lemak and roti canai.

The Mediterranean diet, in essence, is a great solution to the dietary problems our children are facing. However, suddenly switching your children's usual diet to Mediterranean diet is not an easy task. Fortunately, there are convenient alternatives for you to incorporate the Mediterranean diet into your children's life without going to the extremes – **REOXlife Junior Mediterranean Kids.**

REOXlife Junior Mediterranean Kids is a health supplement for children that incorporates the elements of a Mediterranean diet. It consists of numerous beneficial ingredients such as fruits, vegetables, and olive extracts which are great sources of vitamins and minerals needed for growth.

This olive extract is a concentrate that boosts more than the potency of single olive phenolic compounds. It is beneficial in maintaining a healthy lipid profile by enhancing the protective action of olive polyphenols on cardiovascular parameters.

RED GRAPE EXTRACT

Grapes are naturally rich in antioxidants. The red grape extracts are carefully obtained and it contains high polyphenols to help in scavenging free-radicals and to improve overall health.

营养均衡,孩子成长更健康

健康是人生最大的财富,但是对于绝大部分父母而言,健康与财富必须兼得才能让孩子拥有全方位健康的生活。试想想,当您的孩子长大以后,即使没有您的帮助,他或她也会学习并有能力创造自己的财富,自力更生。然而,若他们自小就缺乏足够的营养,成人以后能否在没有根基的情况之下重塑健康呢?

孩子的健康胜于一切。在年幼阶段,他们需要吸收充足的营养,建立强大的免疫系统,为日后成长打造坚实的基础。

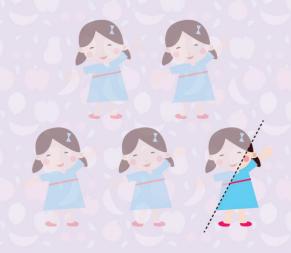

均衡营养对孩子 早期发育的重要性

每个年龄阶段拥有不同的营养需求,成年人需要营养来维持健康与体力活动,而孩子则需要它来促进生长发育。由于发育期间,代谢旺盛,所以孩子每公斤体重所需的能量是成人的三倍。因此,要确保孩子获得充足的营养,才能建立强壮及健康的体魄。

营养不足会引发许多健康问题包括:

缺乏营养的原因

我们的饮食习惯已逐渐改变,饮食多以不健康的快餐、加工食品、高糖及高脂肪饮料为主,形成孩子不良的饮食习惯。水果和蔬菜是维持健康体魄所需的主要维生素和矿物质来源,但研究显示在马来西亚,少于五分之一的孩子达到所建议的每日蔬果摄取分量。如果我们不立即采取行动,孩子未来的健康将受到严重的威胁。

什么是地中海饮食?

您曾听说过地中海饮食吗?源自于意大利、希腊、西班牙、法国等国家的饮食型态,备受联合国教科文组织推崇的健康饮食之一,其核心食物为橄榄油、希腊沙拉、意大利蔬菜及希腊奶酪,比起炸鸡、汉堡包甚至道地美食如椰浆饭和印度煎饼,绝对是更健康的选择。

地中海饮食虽是解决儿童膳食问题的绝佳方案,但要在短期内改变孩子的饮食习惯,将地中海饮食纳入其中并非易事。不过有了REOXlife Junior Mediterranean Kids,优化孩子膳食将不再是件难事。

萃取物的结合有利于孩子的健康生长,其好处包括: **(**

- 改善身体健康与活力
