THE STORY BEHIND THE COMPANY

MAKING AN INFINITE IMPACT

I have always believed that as long as (our) company continues to make meaningful contributions to customers and employees, then we will inject more positive energy into this society, and society will become better because of our contributions.

DR. LEE SIEW KEONG, FOUNDER OF RETURN LEGACY

Eight years have come and gone.
As Return Legacy's 8th anniversary approaches -
we pause to reflect.

Time has passed so quickly.
We've made so many memories over these past eight years.
And we know - our work is never in vain.

When Return Legacy was founded in 2014, the objective which underpinned its establishment was to rejuvenate and elevate the direct selling industry of Malaysia while helping the industry build a positive public reputation across the country. From the company's inception until today, we have emphasized sustainability and world-class quality in every product we manufacture. Our products are true Malaysian originals and highlight the very best of the direct selling industry to everyone around us.

Through our core values - responsibility, commitment, contribution, and trust - we not only bring positive changes to the lives of each Legacian; we also take the initiative to develop and pursue excellence in the research and development of innovative products and cutting-edge technologies. Doing so proves our commitment to establishing Return Legacy as a prestigious and world-renowned brand.

Looking back on an extraordinary eight years which have seen challenges such as sociopolitical instability, economic downturns, and of course, the ongoing Covid-19 pandemic, Return Legacy has not only survived; it has thrived. We have achieved countless successes in the operation market and have become a leader in the direct selling field in these years.

SAM KHO
CHIEF EXECUTIVE OFFICER

Return Legacy has managed to achieve such tremendous success through a combination of brilliant strategic planning and a firm, unyielding belief in enriching human lives and benefiting society. Our beliefs not only grew out of the many hours of arduous work we put into the company; they also sprung up from feedback given by our loyal Legacians as well as our many valued customers.

In business, just as in life, there are many critical decisions to be made. When we need to make such a decision, we are always sure to use a proven strategy combined with a seed of unconditional trust planted by the partners who work with us. Under the company's dependable leadership and in combination with our Legacians' persistence, determination, and faith in the company, Return Legacy will continue to evolve and grow. It's why we expect many more years of glory and success in our company's future.

Though we take pride in our achievements, we never rest on our laurels due to the capricious nature of the market. Thus, we continuously push for further development and innovation by fostering a harmonious and warm environment within our company. Ultimately, our goal is and has always been to become an enterprise with society's needs at its core - one that serves society with every fiber of its being. After all, Return Legacy is not merely a personal asset to us; we consider it a vital tool for the betterment of society. By carrying out our responsibilities to society and acting in ways which benefit society at large rather than just the company alone, we earn the general public's respect.

We never make any decision without considering every possible angle by which the decision might affect the people and society around us. In this way, we also hope to attract more small and medium-sized enterprises to work with us as we mutually progress.

We also actively promote personal growth, provide employment opportunities and a comprehensive entrepreneurial education, and prioritize human growth and product development as we strive to make Return Legacy the preferred platform for entrepreneurial learning.

Return Legacy always seeks to make every life more valuable, beautiful, and meaningful. This is the idea which drives us more than any other.

Through excellent products and first-class service, we allow our patrons to experience youth, health, and spiritual prosperity while taking in the very best we have to offer through the Return Legacy platform. It's how we help them embrace a better life. We also desire that every Legacian will cherish every day of their lives and live them to the fullest while displaying a high standard of character and becoming a better person every day.

RETURN LEGACY, OUR LEGACY HOME.

A company known for producing a variety of science-based products, Return Legacy was established on May 31, 2014, under the leadership of Dr. Lee Siew Keong. Headquartered in Petaling Jaya, Malaysia, the company has a head office with an area of more than 33,000 square feet. Later in 2014, the company expanded into the Thailand and Singapore markets, marking its first forays into international commerce.

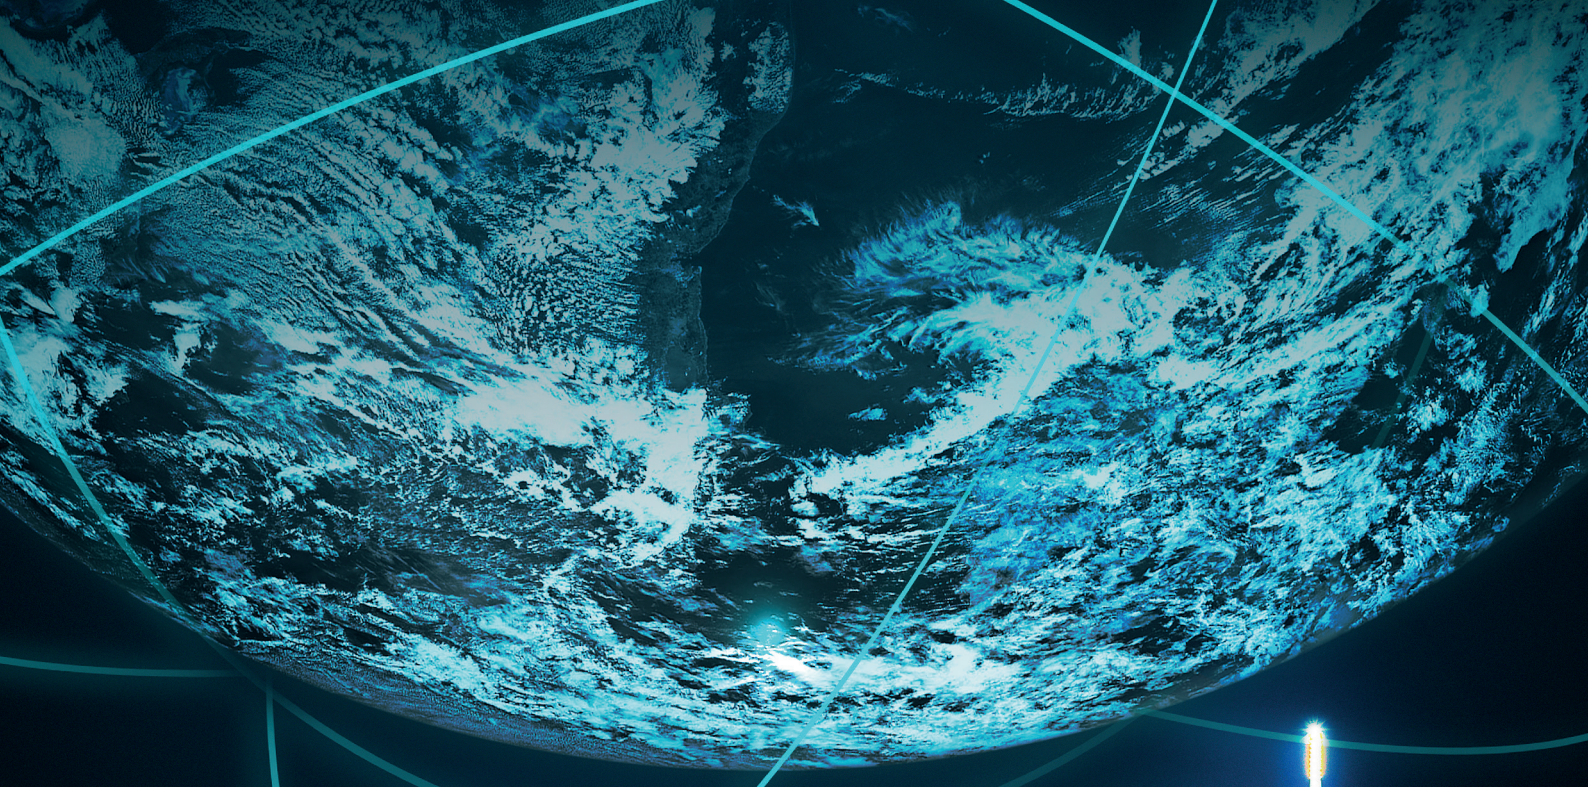

In 2015, Return Legacy expanded to Indonesia; the company would proceed to move its Indonesia headquarters from Medan to Jakarta in 2018.

The new headquarters are stocked with a wider range of equipment within a larger area. Then in 2020, Return Legacy launched electronic platforms corresponding to its operations in Singapore and Indonesia in order to allow more consumers to have a better shopping experience.

Most recently, Return Legacy expanded to Taiwan (ROC) in 2022 to further cement its reputation as a truly international company.

INFINITE HORIZONS AWAIT

FROM MALAYSIA TO THE WORLD

In addition to its international expansion, Return Legacy has upgraded its headquarters in Malaysia by converting them to a technologically advanced and aesthetically pleasing experience centre. All the equipment has been upgraded to cater to Legacians. In this way, Legacians will experience comprehensive visual, auditory, tactile, olfactory, and gustatory experiences. The space in the conference room has also been upgraded to provide a more comfortable learning environment for Legacians.

Today, Return Legacy amasses an average annual revenue of RM100 million and has approximately 100,000 independent distributors internationally.

A full-page background image featuring two men in suits. The man on the left is wearing a dark brown suit and a patterned shirt. The man on the right is wearing a grey suit and a white shirt. The background is a warm, golden-brown color with soft bokeh light effects. The text is overlaid in the center.

THE

FACTS BEHIND THE PRODUCTS

**CRAFTED WITH
INFINITE PRECISION**

CRAFTED WITH INFINITE PRECISION

There are a great many opportunities and positive changes which await us in our industry. And what better time to take advantage than right now?

Return Legacy eagerly embraces the opportunities that lie before us through professionalism, dedication, legal compliance, technological expertise, and an insistence on delivering nothing but the highest level of quality. By doing so, we burnish our flourishing reputation in the public's minds.

We actively explore the mysteries of health and are committed to the pursuit of perfection and excellence as we create our products. To us, the health products we develop are like works of art with exquisite craftsmanship - the result of the masterful combination of abundant health knowledge and cutting-edge technology.

This is made possible through Legacy Science, Return Legacy's research and development team. Legacy Science makes use of the most advanced technology during the research and development process of high-end skincare and health care products which combine high-quality natural ingredients with advanced technological qualities.

Legacy Science is at the forefront of Return Legacy's product development because of their scientific expertise, reflecting our company's pragmatic attitude towards product development.

We hope to build Return Legacy into a world-renowned brand through continuous development as the Legacy Science team optimizes customers' overall health through unmatched product efficacy.

Since 2015, Return Legacy has been in a partnership with the National University of Malaysia (UKM). UKM is one of the leading facilities in Malaysia for scientific and technological research and development. In this partnership, the university and its laboratories including UNIPEQ, the Water Analysis Laboratory, the Oleochemicals Laboratory, and the Biocompatibility Laboratory directly participate in the review and analysis of all Return Legacy products. The work done by the laboratories ensures that all products to be released are safe, high-quality, and cannot cause any adverse health effects.

MMNT™

Micro-Mineralised Nutrient Technology

Micro-Mineralized Nutrient Technology (MMNT), developed by the Legacy Science team, stabilizes negative hydrogen ions by using high-end technology. Negative hydrogen ions help resist free radicals, reduce the damage of free radicals inflicted on the human body and skin, and reduce the pace of aging. By combining negative hydrogen ions with other high-quality ingredients in our products, these beauty, skincare, and health care products become more effective for the protection of skin and health.

In order to ensure that all products meet necessary specifications, we have established a partnership with the Standard and Industrial Research Institute of Malaysia (SIRIM) to test Return Legacy's products to ensure product safety and quality assurance. We have also begun extracting and developing high-quality raw materials for our product development.

We strictly control the safety, quality, and efficacy of our products; these are extremely important to us. All products meet legal specifications and other required standards such as paraben-free, sodium lauryl sulfate-free (SLS-free), and sodium laureth sulfate-free (SLES-free). Our products have also passed numerous tests, including a series of UKM clinical studies, and have been approved by relevant authorities. Through the tireless work of the Legacy Science team, Return Legacy expects to build a world-renowned international brand.

L.I.F.E SYSTEM

Legacy Ideal Fortify Essential System

Return Legacy has also introduced the Legacy Ideal Fortify Essentials (LIFE) System. When taken together, the products of the LIFE system make their users much healthier and more attractive at the same time. The standout products of the LIFE system are those of the 2° series, which are used for external care, as well as the REOXlife series, which are used for internal conditioning.

Return Legacy's pioneering beauty, skincare, and health care products provide users with ideal internal and external maintenance and conditioning solutions, letting them enjoy the very best of body care and skincare from the inside out. Combining cutting-edge technology and innovative formulas, our revolutionary product lines provide users with a full range of health solutions, giving their bodies what they need in every way.

User-centric and committed to creating efficient, safe, and ideal high-quality products, Return Legacy takes tremendous pride in helping customers improve their health and restore their youthful radiance.

**RETURN LEGACY
AN HONORABLE AND
ADMIRABLE BRAND**

THE DISCIPLINARY ACTION COMMITTEE (DAC)

TOWARDS INFINITE SELF-BETTERMENT

The direct selling industry of Malaysia has been experiencing rapid growth, leading to a favourable and profitable business environment for direct sellers across the country. This has in turn caused the industry to become exceptionally competitive. However, although this competitive environment has generated much profit, it has also fostered a cut-throat atmosphere; it is not uncommon for some direct sellers to defame those of competitors, thus unjustly harming their competitors' reputations just to get ahead in the industry.

Regardless of how intense the pressure created by the industry's atmosphere may become, everyone involved in the direct selling industry ought to follow certain ethical guidelines. It is only by doing so that the common practices of the direct selling industry will be well-received by the general public. In a direct selling company, every single detail must be scrutinized and all operations must therefore be meticulously managed. Return Legacy thus seeks to fulfill these goals and thus elevate the reputation of the direct selling industry as a whole. Through a combination of ethically sound practices, a viable plan of action, and a corporate culture conducive to success, Return Legacy aims to take the Malaysian public's opinion of the direct selling industry to new heights.

It is for this reason we have established a Disciplinary Action Committee (DAC) to oversee the marketing activities of all our distributors. The committee is composed of President Ang Kian Ting (Royal Ambassador) and Vice-President Julia Pang (Royal Admiral). They are responsible for overseeing the business environment that we create in order for us to continue playing our role in making the direct selling industry more developed, more advanced, and in line with accepted standards of ethical business conduct.

THE DAC IN THE PRESIDENT & VICE-PRESIDENT'S WORDS

DAC PRESIDENT

ANG KIAN TING

Ang is known for his optimism and positive attitude; he regards difficulties as opportunities and challenges to be overcome, while setbacks are nothing more than stepping stones to success to him. Ang faces every challenge in life with creativity and flexibility - he is constantly thinking of new and innovative ways to achieve his goals. He believes that a sustainable business where everyone shares the same vision, values, and benefits can be created through teamwork and camaraderie.

"The DAC's establishment has facilitated the establishment of a conducive direct selling environment for our members - one which allows them to devote their attention to feasible and sustainable development as they go about their business ventures. Those who fail to do so may commit acts contrary to acceptable practices within the direct selling industry such as engaging in price gouging or fixing. DAC is intended to prevent members from committing such acts in order to allow their business to grow holistically, ethically, and sustainably.

The advent of e-commerce has added a layer of instability and volatility to the direct selling industry as many sellers on e-commerce platforms charge prices which are out of step with those of similar products in the market. However, by introducing these e-commerce sellers to DAC and the motives behind it, many such sellers have begun to understand and honour concepts such as intellectual property rights as well as other rights of product manufacturers. They may then begin to work with us and eventually sell their wares at more acceptable prices.

The market environment of the direct selling industry may be adversely affected by unethical acts on the part of our members which are contrary to the standards set by the company. Through cooperation with our countless members, DAC seeks to prevent such circumstances from occurring and maintain our company's pristine image and reputation.

Finally, a message for Legacians: we ought not to focus on immediate success, but instead on lasting success which will stand the test of time. As we grow and develop our business ventures together in accordance with the business and ethical standards of the company and DAC without cutting corners, we will achieve new heights, reach new milestones, and embark on sustainable business ventures together." - Ang Kian Ting

DAC VICE PRESIDENT

JULIA PANG

Pang considers her leadership role to go beyond merely giving directions and commands. To her, it is important to fulfill personal and collective goals, lead others to success, uphold core ethical values, and set a positive example for those under her. She firmly believes that as long as everyone learns how to take advantage of the opportunities at hand and is willing to work hard, adapt, and persevere, anyone can succeed at Return Legacy.

“The DAC was formed to monitor the status of the direct selling environment; this in turn allows us to take steps which make the general public’s view of our company one which is in the best possible light. The DAC fosters diligence, a positive company culture, and the personal development of both our members as a collective unit as well as that of each individual member. It helps them understand that we will provide them with a sense of security as they go about their business ventures, allowing them to feel more confident and less inhibited as they do so.

Ever since the DAC’s inception, there has been a clear improvement in the market environment of the direct selling industry. Prior to the DAC’s establishment, we had often faced issues regarding our product prices in comparison to those of similar products in the market. This caused us to lose out on much sales revenue; however, such is no longer the case. The DAC has also increased our business security level while playing a role in reducing the frequency of ethical or conduct violations committed by sellers.” - Julia Pang

We at Return Legacy firmly believe that through the contributions of every Legacian, our company will not only find success for itself; it will pave the way for a brighter future to arise within the direct selling industry. There is great power within all of us - even in our seemingly least significant actions. Let us continue to work towards building a sustainable enterprise and a positive atmosphere for all direct sellers.

Eight Years OF GROWTH & DEVELOPMENT

The Road to Infinite Success

**“If you forget your roots,
you’ve lost sight of everything.”**

- Walter Payton

Ever since its establishment eight years ago, Return Legacy has never forgotten its humble beginnings. Though we may have grown exponentially since 2014, we recognize that even our most momentous achievements could not have been made possible without a firm belief in the ideals which underpin our company’s foundation and existence.

It is truly remarkable to think about how Return Legacy has grown. Every Legacian has accumulated countless memories and experiences over this eight-year journey as they have contributed to our development and growth. As our esteemed Legacians contribute to the company’s growth, we are also more able to give back to society and better serve the community around us. Just as our Legacians have helped Return Legacy grow as a company, the company has equally helped our Legacians grow as people.

At Return Legacy, we pursue our company's goals with passion, responsibility, and sustainability. Through these values, we have not only established a thriving business; we have also made plans for our company's future - plans involving continued growth, mutual trust and contribution, commitment, and constant development. By adhering to our vision and values, we fully intend to make these plans come to fruition.

We recognize that there is no one-size-fits-all approach when it comes to success. Therefore, even as we seek to become ever more competitive while contributing value and resources to society and building our public reputation, we seek to incorporate our mission and vision in unique ways in everything we do. Our approaches are informed by the diverse backgrounds, origins, and experiences of everyone we encounter. This way, we help the people we meet find true success in the ways they most desire.

We believe that the past eight years are just the beginning of an era that promises incredible growth, development, and success. We are eager to inject positivity into our immediate social environment and thus create opportunities for growth and success for so many around us. We are driven by an innate force and unyielding ethical standards that motivate us to do our very best for Legacians as well as society in general. Return Legacy not only seeks to obtain corporate success for our business leaders; we also seek to fulfill every one of our Legacians' expectations and wishes at all times.

Return Legacy has become more than just a direct selling company - it represents a belief that has been created, adhered to, and shared. Let us continue to work together with sincerity and harmony; it will help us realize our dreams, spread our values, and foster further growth and development in every way imaginable.

**CREATING AN INFINITE
LEGACY FOR ALL.**

THE INFINITY CHARM

On the occasion of our 8th anniversary, Return Legacy introduces the Infinity Charm 18K rose gold pendant.

Its concept of "infinity" ties into our desires to set people on a path towards limitless learning, growth, and possibilities in a bright future, allowing every Legacians to take advantage of countless business opportunities while exhibiting the very best of Return Legacy's cherished values and beliefs.

The Infinity Charm, which combines modern aesthetic sensibilities with ingenious craftsmanship, is based on the number "8", which represents infinity and eternity, and the "∞" symbol, which symbolizes infinity. Thus, the Infinity Charm represents the infinite pursuit of a better future and reflects eternal and unfading beauty. This stunning pendant is classy and elegant while carrying a profound meaning at the same time.

The 18K rose gold and the logo in the centre of the pendant represent Return Legacy's brand identity, while the hollowed-out structure creates a three-dimensional effect. The pendant is embedded with five round diamonds surrounded by lines which provide a refractive effect. The refraction of light and shadow gives the pendant a charming and elegant look. It also adds a celebratory touch for Return Legacy's 8th anniversary - think of festive lights, shining stars, or a firework display. This pendant captures exactly such an effect.

The five round diamonds on the Infinity Charm represent five key concepts which we hope to emphasize: limitless possibilities, learning, growth, business opportunities, and a limitless future.

- ◆ We believe that through LIMITLESS learning, there are opportunities for change and growth.
- ◆ We provide a platform for LIMITLESS growth so that everyone has the same LIMITLESS business opportunities.
- ◆ We bring everyone who wants to create a fulfilling career and take control of their career's destiny closer to a LIMITLESS future.
- ◆ We hope that the LIMITLESS possibilities provided through an enduring generational mindset will avail themselves to every Legacian.

We know that each of us has unlimited potential and possibilities in our lives. That's why the Infinity Charm pendant has been crafted to symbolize self-confidence and positivity - it's the perfect gift to reward yourself. The Infinity Charm is like the bright North Star in the vast starry sky, shining brightly and guiding us on our way; it reminds every one of us to create our own destiny by exploring the limitless possibilities of the world.

NO GERM

SPOTLESS ALL PURPOSE CLEANER

A great floor cleaner will make short work of mopping up spills and dirt while also helping to prevent damage to your flooring surfaces.

NO GERM Floor Cleaner is an easy-to-use floor cleaning solution which does not require rinsing after use. Infused with benzalkonium chloride, NO GERM Floor Cleaner kills up to 99.9% of germs and is ideal for use on marble, terrazzo, wood, and glass.

- ✓ **Germ-free**
- ✓ **Non-sticky**

- ✓ **Comfortable foot feel**
- ✓ **Odour removal**

EASY TO USE DIRECTION:

- Add 2 capfuls into 8 litres of water and mop without rinsing.

ACTIVE INGREDIENTS:

- Benzalkonium Chloride, Cleaning Agent, Emulsion Wax, Water.

CAUTIONS:

- **FOR EXTERNAL USE ONLY.** If accidentally swallowed, please drink plenty of water or consult a doctor.
- **KEEP OUT OF REACH OF CHILDREN**

CAPACITY: 1 LITRE

NO GERM

ALL PURPOSE CLEANER

SIMPLIFYING YOUR CLEANING TASKS

A good all-purpose cleaner is a secret weapon in your cleaning arsenal. It is not only safe to use on a wide variety of surfaces; it's incredibly effective in cutting through grease and wiping up grime without tough scrubbing. It also leaves no residue behind.

NO GERM Spotless All Purpose Cleaner can be used on tables, cabinets, chairs, floors, and kitchen surfaces.

- ✓ **Surface disinfectant**
- ✓ **Insect repellent**
- ✓ **Multi-surface cleaner**

DIRECTIONS FOR USE:

- Turn nozzle to "Spray or Stream" position. Keep bottle upright and hold about 10–15cm from surface. Spray directly onto desired surface until thoroughly wet. Let stand for 10 seconds then wipe clean with wet cloth. Always test on inconspicuous area before use.

ACTIVE INGREDIENTS:

- Citronella Oil, Lemon Citrus, Benzalkonium Chloride, Water

CAUTIONS:

- Avoid contact with eyes. If contact with eyes is made, flush with running water immediately and seek medical assistance.
- **KEEP OUT OF REACH OF CHILDREN**

CAPACITY: 500 ML

NO^{HOMELife}'GERM**LAUNDRY POWDER****HIGHLY CONCENTRATED FORMULA**

Let NO GERM Laundry Powder take you on a journey of sensory pleasure! It penetrates deep into fabric fibers to remove stubborn stains and effectively kills 99.9% of bacteria, leaving laundry clean and free from germs. NO GERM Laundry Powder's formula is highly concentrated and cost-effective; only a small amount is needed for each use.

It works well to eliminate deeply entrenched odors, giving laundry a long-lasting fragrance and freshness. Suitable for indoor and outdoor drying.

- ✓ Gentle and non-irritating
- ✓ Protects brightly-colored clothes
- ✓ Immediately cleans without pre-soaking

ACTIVE INGREDIENTS:

- Sodium Carbonate, (Stpp), Sodium Sulphate, Sodium Metasilicate, Sodium Perborate, Nipacide, Fragrance

DOSAGE INSTRUCTIONS:

- $\frac{3}{4}$ scoop for normal load
- 1 scoop for large load

CAUTIONS:

- Keep away from fire and children.
- Avoid contact with eyes.
- If contact with eyes is made, flush with running water immediately.
- If swallowed, seek medical attention at once.

WEIGHT: 1 KG**SENSITIVE SKIN DISHDROPS**

Sensitive Skin Dishdrops contains a citrus-infused formula that effectively dissolves all kinds of grease and grime and making cutlery and dishes spotless. Its super-concentrated formula requires only a small amount for ideal and effortless cleaning.
